

"I have had the great privilege of working with Sol horizon on three occasions. As individual musicians they are great, but as a band they are awesome. Their sound is unique and their positive energy will keep any audience dancing to the light through the night. Sol Horizon gets a 10/10 from me."

-Pato Banton

"Sol Horizon has a High that brings you up - but never lets you down."

-Presade (High Times Magazine)

Since their self titled debut album release in 2004, Sebastopol's Sol Horizon has blossomed, becoming one of the most popular and forward thinking bands of its genre. Sol has had the opportunity to share the stage with legendary acts such as Morgan Heritage, The Meditations, Eek-A-Mouse, Yami Bolo, and the J.G.B. Band - to name a few. The release of their latest album, "First Light", and recent tours of California and Hawaii, as well as collaborations with England's reggae star Pato Banton should erase any doubt that Sol Horizon is on the rise.

Sol Horizon's highly anticipated 3rd album "Party Revolution" features Pato Banton on the title track mixing it up with the Sol crew in classic dance hall style. Led by vocalist Michael Litwin, Sol Horizon's conscious lyrics reveal the band's authenticity and sincerity: commitment to the sustainable living community. By promoting global awareness and planetary activism, Sol Horizon's presence is undeniable and compels you to participate. Sol Horizon continues to support that movement, a movement borne of the "conscious struggle" of us all to improve the planet. And once you've experienced being in a crowd with everyone shouting: "Truth, Knowledge, Wisdom, Understanding at this Party Revolution! Open your eyes and make the right decision!" – you'll know why their positive vibration is unforgettable. You can't help but join in, jumping and singing, ready to be a part of all the positive change in the world.
